Projects

Bharatrath

Pune, MH

- In India, farmers mainly live in rural areas "Bharat", while rapid urbanization is making large number of consumers live in cities "India". The journey of an agriculture commodity from farm to the fork is very complex resulting in volatility in prices.
- Bharatrath, the idea, was born out of the aspiration to improve farm products supply chain. We seek to represent the platform that connects Bharat with India. We aim to achieve this goal by :-
- Empowering local farm products artisans by connecting them directly to customers.
- Unlocking agri-commerce by developing a holistic marketplace for all kinds of farm related services.
- Relentless pursuit of quality products and excellent service, in order to become the platform of choice for all farm/food products.
- Stack :- HTML/CSS, JavaScript, Node.js, Adonis.js, Vue.js, Vuetify, Axios, Fuse.js (for Search)
- Website url - <https://www.bharatrath.com/>

MyBow

switzerland

- Mybow is a multicultural social and business platform Mybow is matching needs and offers for services, rentals and sales. You say "I NEED" or "I OFFER" We match.
- Our vision is to be simple, help people to get more independent and enrich everyone's lifestyle.
- Stack :- HTML/CSS, Node.js, Adonis.js, Vue.js, Vuetify, Axios, vue-i18n (internationalization plugin), vue2-google-maps (for google maps), vue-captcha, vue-qrcode-component, Fuse.js (for Search)
- Website url :- <https://www.mybow.ch/>
