Email Id: dnarayanar@gmail.com

Having 12+ years of experience in Quality Assurance on Manual and Test Automation on Web and Mobile applications for front end and back end services using Selenium Webdriver with Java, Soap UI, Rest Assured, Cucumber with Ruby, WATIR, UFT(QTP) with VB Script languages.

Professional Summary:

- Mastery in developing Automation frameworks using Selenium WebDriver with Java, Cucumber with Page Object model, WATIR Ruby, UFT(QTP) and Rest Assured using Cucumber
- Well versed with project activities such as Test Planning activities, scope identification, schedule the tasks, Identifying test cases & test scripts, test execution and involved in peer reviews and to support test activities for CI/CD pipelines
- Ability to perform different types of testing like Smoke, Regression, UI, Functional, Compatibility, Adhoc, Retesting & API testing and deliver the product with at most quality
- Sound knowledge on Defect Tracking and reporting the bugs and promote fixing and validation of bugs
- Proficient in working with different tools like Cucumber, Selenium Web driver, WATIR, UFT(QTP automation tool), Postman, Jenkins, GIT, Rest Assured, Rest Client, TOAD for DB2, Vignette, Typo(CMS tool), QC, JIRA, Bugzilla, TestLink, Mingle and Version One.
- Ability to work efficiently as a Lead as well as individual contributor for the assigned tasks based on the organizational needs.
- Working exposure on Unix commands, MySQL and ability to write SQL statements.
- Strong at prioritization of tasks, Time management and organizational skills
- Having Open attitude towards sharing new ideas and knowledge, proactive approach towards problem solving, taking ownership of issues & having determination to follow things till closure.
- Ability to do multi-tasking on different testing assignments and handled the multiple projects efficiently.
- Ability to take decisions independently with sound judgment
- Good interpersonal, written and oral communication skills, and ability to collaborate effectively with inter-disciplinary teams and management

Professional Experience:

- Working as a Principal QA Engineer with Nisum Technologies Inc., San Francisco, CA from December 2017 to till date.
- Worked as a Test Lead with OSI Technologies, Hyderabad from November 2009 to November 2017.
- Worked as a Test Engineer with Prolifics Corporation Limited, Hyderabad from February 2007 to November 2009.

Technical Skills:

Testing Tools	Manual Testing, Cucumber with Ruby/Java, QTP(UFT),WATIR,APPIUM, Selenium with Java, Web Services, Post Man, Rest Assured, Rest clients, Vignette
Languages	Java, Ruby, VB Script
Automation Frameworks	Page Object Model Design Pattern, Hybrid, Data driven
Test Management Tools	JIRA, Mingle, VersionOne, Quality Center, BugZilla
CMS Tools	Vignette 7.3.1, Typo
Operating System	Windows 98/2000/XP/2003/Vista/7/8/10, UNIX
Databases	SQL Server 2005, DB2
CI & Build Tools	Jenkins, Maven, GIT, Subversion

Projects Profile:

Projects worked : QR Wallet, POS QR, CREDIT APP CONVERSION, Shop& Browse-Hub
Environment : Java, spring, DB2, Google Cloud
Tools Used : Putty, Toad, GIT, Jira, Jenkins, Version One, Maven, Confluence , Postman , Soap UI, Rest Client
Automation tools : Cucumber with Ruby/Java using Selenium Web driver, Rest Assured
Duration : Nov 2009 2017 to till date

Job Duties:

- Understanding and analyzing the business requirements with respect to the customer's point of view.
- Involving in Stories walkthrough and provided estimates for the allocated stories in an sprint.
- Creating feature files and automation scripts for the given UI and API stories played in Sprint.
- Testing the stories in google cloud environments by deploying latest artifacts where codebase is available as per stories
- Testing the API's through postman and rest clients as per given criteria and raised the defects in case of issues in Jira as well as in Versionone.
- Prepared the test plan document and updated it Confluence.

- Supporting the resources in case of Business/Functional knowledge on the application as well on automation front
- Attending daily Scrum calls with Product Owners and Sprint Master along with team members on daily basis
- Executing smoke and regression test suite on the application on the new builds using Jenkins for UI and backend Automation scenarios.
- Involved in debugging and modifying the test scripts for the failed scenarios
- Analyzing the results & reporting defects by using Jira/Version One for Iterative/Regression testing.
- Interacting with Development team/Business Analyst until the stories moves to release.
- Verify the functionality in production environment and Sign off in presence of Product Owner and feature will be available to customers to do QR Wallet so that they will be Credit Information and pay the bill online from that moment onwards.

Projects worked : Supply Management Online, Time meter, GAT IP
Environment : Windows 2000 server, Tomcat, SQL server 2005, Java
Tools Used : Vignette 7.3.1, Quality Center
Automation tools : QTP using vbscript
Duration : Feb 2007 to Nov 2009

Job Duties:

- Understanding and Analyzing the business requirements according to the customer's perspective
- Interaction with client on daily status meetings
- Involved in both Manual and Automation testing
- Involved in the design of Automation Framework
- Involved in Automation best practices
- Using Excel as well as Quality Center to write test cases
- Involved in developing test Cases and test scripts using Quick Test Professional to automate the test cases
- Peer review has done for both Manual and Automation testing
- Automate the test cases for Smoke testing and Regression testing by using QTP
- Executed Functional, Integration and Regression testing using QTP. I was part of the team involved in automating test cases using QTP and conducted Data Driven testing.
- Analyzing the results & reporting bugs using Quality Center
- Comparing the Expected and Actual results using multiple checkpoints for Standard, Text, and Bitmaps in the web application

Declaration

I, Narayana Rao Devanur hereby declare that all the details and particulars furnished above are True with respect to my knowledge.
