5+ years of experience in business liaison and technological areas improvement to achieve timely project completion. Meet project deliverables by combining user requirements with business prerequisites and budgetary allowances.

EXPERIENCE

ID Tech Solutions P. Ltd. 2019 to 31st July 2020

Technical Lead (Project Management, Scrum Master)

- Hired as technical project manager position to plan, schedule and implement all stages of hardware and software implementations. Examined business implications for each phase and ensured steady progress to meet deadlines, and standards.
- Drove imposing improvements across the business as a result of project completion as per schedule. Enabled agile (scrum) methodology to keep a retrospective view for on-time project delivery under least possible resources.
- Efficiently guided the work of technical teams. Articulated project goals and scope, translated business needs into achievable targets, and designed detailed work breakdown structure (WBS).
- Prepared cost-benefit analyses and worked on project profit assessments that enhanced the decision making process on project delivery process.

BarScan Technologies

2014 to 2018

Project Lead (Technical)

- Built up a strong technical background as a system architecture in multi-platform environment.
- Promoted to project manager position to plan, schedule and implement all stages of hardware and software implementations. Examined business implications for each phase and ensured steady progress to meet deadlines, and standards.

EDUCATION

- B.E. (Electrical & Electronics), VTU Belgaum, 2013
- C & C++, Alpha Computer Education, 2008
- D.C.A (Diploma in Computer Application), 2005

CAREER HIGHLIGHTS

- Headed teams across broad technical and business disciplines. Mentored groups on business goals and tracked progress to fortify timely achievement of project milestones.
- Mitigated risk factors through detailed examination and introduction of corrective measures in the financial and statistical departments. Anticipated and handled change impressively in rapidly changing global business milieu.
- Shuffled between agile and waterfall approaches depending on project needs and client goals,

creating detailed project roadmaps, schedules and WBS.
