WORK EXPERIENCE

Moglilabs Pvt. Ltd. (B2B E-commerce Startup)- (Jun 2018-now)

- Actively worked in designing and backend development of Vendor Portal based on Play Scala Framework and Sprint boot, involving integration with SAP modules for JBM group.
- Communicated with clients from JBM group in resolving the pre-existing issues of the system. Yielded a system where reported bugs quantity reduced from 7-10 in a day to 1 in a fortnight.
- Developed backend for Purchase Order Management System, a SAAS supply chain product simplifying procure-to-pay process, in Spring Boot Framework using mongo dB, MySQL as databases and Elastic Search as Search Engine.
- Development of Batch Processing and Consumer Application in Spring Boot Framework integrating Mongo dB, Elastic Search, Kafka queues.

Newgen Software Private Ltd.- (Jun, 2016-September,2017)

- Research on Image and Video processing to find out new ways to store images with less disc space consumption.
- Actively coordinated with clients to develop new features along with resolving *bugs* on preexisting components.
- An active member of Integration testing team following Agile Methodology.

Software Development Intern- Readersdoor- (May,2015-July, 2015)

- Created a data Recommendation system in Ruby on Rails framework in Neo4j, a graph database.
- Development of frontend modules like user recommendation page using HTML, CSS, Bootstrap, JavaScript and JSP.

Independent/Academic Projects

- **Rule Based Human Activity Recognition System**

Used OpenCV in C++ language for a system taking online video as an input to determine the action played by the actor.

- **Online Image Viewer**

Used *HTML*, *CSS*, *JavaScript* and *Java Servlets* for creating an online viewer supporting TIFF, PDF, BMP, JPEG and JBIG2 format images using the pre-existing Newgen APIs

EXTRA-CURRICULAR ACTIVITIES

- Working as a volunteer in an NGO named Nirantar Prayas with differently abled children since July 2018.
- Worked as content writer and content developer part time during college for a duration of 3 years.
- Head of Literary and Debating Society at NIT Jalandhar.
- As a Marketing Head and Web Development Team Head for NIT Conclave event, brought sponsorships/participation.
- Led and represented the school team in the International Conference of WTS-2008 in Delhi.
- Actively participated in quizzes, debates and literary events like MUN and Parliamentary Debates in school and college at district and intercollege levels.
