

Ashok Kumar

☐-08826954693

ashok.kumar.lko4@gmail.com

Career Objective: To achieve a challenging role in design and development of software where my problem solving, analytical and programming skills can be utilized so as to add value to the organization as well as to enhance my productivity.

Professional Summary:

- **Over all 4.2 year of experience** in Software Development, Analysis, Maintenance using Java and Web Services.
- **4.2 year of experience** in Software Development, Analysis, Maintenance using Java.
- Implementation knowledge in Core Java, Advanced Java, Struts2, Hibernate, Spring MVC, Spring Boot, Data Structure, Algorithm, C, Angular Js, HTML, CSS, Java Script, jQuery, Bootstrap, Ajax, JSON, RDBMS, SQL and Oracle.

Organizational Summary:

1. **SoftPrime Technologies Pvt.Ltd.** Jan , 2020 – Current, Gurugrams
2. **C2S HUB** Feb , 2018 – Jan-2020 , Noida
3. **VMS Pvt.Ltd.** Feb- 2017 – Jan-2018, Vaisali, Gaziabad
4. **Incrementors Web Solutions Pvt.Ltd.** Aug- 2015 – Jan-2017, Delhi

Certifications:

1. Certified Investment Banking IT Professional from Imarticus Learning, Mumbai.
2. J2EE with struts framework certification from HP Pvt.Ltd, Lucknow.

Academic Qualification:

1. Certified Investment Banking IT Professional with 70% aggregate from Imarticus Learning, Mumbai(2014-2015).

Topics covered:

- Global Investment Banking
- Technology Training (Core Java, Advanced Java, RMI, Struts2, Hibernate, Spring, Oracle Database)
- Trade Life cycle

2. Bachelor of Technology in Computer Science and Engineering from U.P Technical University with 61% aggregate (2009-2013)
3. Intermediate from (UP) Uttar Pradesh board with 60.10% aggregate (2004-2006)
4. High School from (UP) Uttar Pradesh board with 68.33% aggregate (2003-2004)

Technical Skills:

Developmental Tools	:	Eclipse IDE, NetBeans IDE
Languages Known	:	Java, C
Database	:	Oracle 11g, MySql
Operating Systems	:	Windows, Linux

Professional Projects:

Project #1 (Nov,2014 -- Feb,2015)

Title : Tausch : Interest Rate Swap System(OTC Derivative), Trade Booking System

Team Size : 11

Technology and Tool Used: Struts2, JMS, Java, Jsp, Servlet, Oracle 10g, NetBeans IDE

Project Abstract: The application landscape has exchange of cash flow between two parties, wherein both the legs of the cash flows are based on interest rate and has multiple terminology associated with IRS like (Swap Trade, Trade Date, Value Date, Refix Date, Effective Date, Maturity Date, Interest Rates, Principal/Notional, Stubs, Settlements Dates), these disparate applications are integrated through Oracle Database with primary focus of data integration of these applications based on the business functions or individual application needs for business as usual. Our team was responsible for design and implement of an effective solution for this by understanding current integrations needs based on the business interfaces, processes level attention to details, complexity definitions, and future messaging needs.

Project Responsibilities:

- Developed message flows for JMS based interface implementation involving complex transformation using java programming.
- Understanding the requirement by interacting with onshore team members and providing support.
- Preparation of the UTC (Unit Test Cases) and UTP (Unit Test Plan) capturing all possible scenarios.

Project #2 (Mar-2017—Feb-18)

Title : Web, Maintenance and Web Hosting Server

Team Size : 3

Client : USA

Technology and Tool Used : Struts2, JMS, Java, Jsp, Servlet, Oracle, Eclipse, HTML, CSS , Java Script, JQuery, Bootstrap, Ajax, JSON.

Project Abstract : Our Team performing development, maintenance, support tasks by adding extra modules and featured for multiple web application of the client at different production environment to make it more efficient and also handling the different issue of web hosting server.

Project Responsibilities:

- Developed message flows for JMS based interface implementation involving complex transformation using java programming.
- Understanding the requirement by interacting with onshore team members and providing support.
- Handling the web hosting servers.

Project #3 (Feb-2018—Dec-2019)

Title : Software Development, Maintenance

Team Size : 3

Client : USA

Technology and Tool Used : Spring MVC, Java, Jsp, Servlet, Oracle, Eclipse, Angular 2, HTML, CSS , Java Script, jQuery, Bootstrap, Ajax, JSON.

Project Abstract : Our Team performing development, maintenance, support tasks by adding extra modules and featured for multiple web application of the client at different production environment to make it more efficient and also handling the different issue of web hosting server.

Project Responsibilities:

- Developed the application based on Spring MVC interface implementation involving complex transformation using java programming.
- Understanding the requirement by interacting with onshore team members and providing support.
- Handling the logical complexity of the problem during the project development.

Project #4	(Jan-2020—till date)
Title	: (ERP System) Software Development, Maintenance
Team Size	: 3
Client	: Bussan Auto Finance India Pvt. Ltd.
Technology and Tool Used	: Spring MVC, Java, Jsp, Servlet, Oracle, Eclipse, HTML, CSS , Java Script, jQuery, Bootstrap, Ajax, Angular 4, JSON.

Project Abstract : Our Team performing development, maintenance, support tasks by adding extra modules and featured for multiple web application of the client at different production environment to make it more efficient and also handling the different issue of web hosting server.

Project Responsibilities:

- Developed the application based on Spring MVC interface implementation involving complex transformation using java programming.
 - Understanding the requirement by interacting with onshore team members and providing support.
- Handling the logical complexity of the problem during the project development.

Achievements:

1. Recipient of the following awards: **Employee of the month** in May,2017.
2. Managed cultural fests in University as a coordinator.

Personal Information:

Date of Birth : Aug25th, 1990.
Languages : English, Hindi
Interests : Learning new things, Running, Music and Cooking
Corresponding Address :308/4 Ashok Mohalla, Nangloi, Delhi (West)

I hereby declare that the information given above is true to the best of my knowledge.

Date :
Place : Delhi (ASHOK KUMAR)
