2000   S.S.C. from St. Mary's High School affiliated to Mumbai Board.

CERTIFICATION

2019   Lightbend Certified Reactive Architect.

2011   SCWCD-Sun Certified Web Component Developer.

2007   SCJP-Sun Certified Java Programmer.

PROFESSIONAL EXPERIENCE

9+ yrs Experience in Application Development using Core Java/J2EE, JSP, Servlets, Spring, Spring Boot, and Portal Development using Liferay Portal Technology, HTML5, JavaScript and Javascript frameworks like (EXTJS, AngularJS, VueJS).

Basic knowledge of **Scala**, Java 9/10/11/12.

Awareness of Clojure.

Worked with Hifinite Health Inc.(Sept 2018 – June 2019.)

Worked with L&T Infotech Ltd. (July 2015 – Sept 2018.)

Worked with Essentio Solutions Pvt. Ltd. (December 2013 – June 2015)

Worked with Accelya kale Solutons Ltd. (Novemeber 2012 –November 2013.)

Worked with Three Sixty Degree Solutions Pvt. Ltd.(May-2012.- October 2012.)

Worked with Byzan Systems Pvt. Ltd. as a Software Executive (April 2010 – April 2012.)

Experience in various application modules using Core Java, Servlets, JSP, JDBC, Struts, Spring(Core, AOP, MVC, JDBC, MyBatis, JMS(ActiveMq, TibcoMQ)), Liferay Portal

Went through Android Training

Participated in "Games of Codes" IBM Bluemix Hackethon hosted by L&T Infotech Ltd.

Experience with development tools and IDE's like Eclipse, Intellij.

Highly interested in grasping new technologies

Keen to understand technologies at Architecture-Level.

OOP Languages –Java, Scala
Functional Programming Languages – Scala, Clojure
J2EE – JSP, Servlets
Frameworks- Spring(Core, AOP, MVC, JDBC, Mybatis, JMS(ActiveMq,TibcoMQ)).
Database Technologies - Oracle-SQL, MySQL
Portal Technology– Liferay Portal

Technologies
VueJS
JWT
Open ID Connect
SSE
JSReports
Alexa Voice Integration
Spring IOC
Spring MVC
Spring JDBC
Spring Boot

1. **Hifinite Portals.**
   Name: Hifinite Portals.
   Description:
Portal for Healthcare management, Online Consultation with Doctors, Managing Device data, Medical Prescriptions, etc..

- Roles:
  R&D, POCs, Code Flow Analysis, Development, Maintenance.

- Responsibilities:
-POC for OIDC(OpenIDConnect.)
-POC for SSE(Server Side Events.)
   -Involved in Development, Maintenance of Portals.
   -Handled Communication Management (Email, Chat, SMS, Phone Calls etc.)
   -Handled Device Data Management (Thermometer, Glucometer, Weight Scale, Pulse Oximeter Etc.)
-Worked with Date/Time API.
-Have been playing the role of Mentor to peers.
   -Have been suggesting various improvements and implementing them.

2. L&T Infotech Ltd.

Technologies

Angular JS
Spring IOC
Spring MVC
Spring JDBC
Spring Boot

1. **Clara**

- Name: Clara

- Description: This is the web portal for Dispute handling, Fraud Management. The daily disputes and fraud cases during credit card transactions are managed using this portal.

- Roles:
  Code Flow Analysis, Development, Maintainance.

- Responsibilities:
  Analysis of existing architectures and fitting the enhancements accordingly
  Development of Copy/Paste functionality which included copying the image hover pop-up data.
  Development of Transaction Search Dashboard
  Enhancements and solutions to various existing issues in First Line Dispute Dashboard

Technologies

Angular JS
Spring IOC
Spring MVC
Spring JDBC
Apache POI

1. **Ops Risk**

- Name: Ops Risk Loss Capture

- Description:

Ops Risk Loss Capture is a module which monitors the losses incurred by daily financial risks. We maintain Timeliness Summary, Data quality Metrics for the same.

- Roles:
Code Flow Analysis, Development, Maintenance.

- Responsibilities:
Development for exporting Event Monitoring reports to Excel.
Development for exporting Data Quality Metric reports to Excel.

Technologies	1. **Ops Portal**
JavaScript (EXTJS) Spring IOC Spring AOP Spring MVC Spring MyBatis Spring JMS(Tibco MQ)	● <u>Name:</u> Ops Portal ● <u>Description:</u> Ops Portal is an Operations Management Software which monitors, manages and processes the feeds received from various Operation Related dashboards. It involves various features such as Feed Monitoring, Alerts and Notifications, Calendar Utility, "Maker/Checker" Functionality. ● <u>Roles:</u> Code Flow Analysis, Development, Maintenance. ● <u>Responsibilities:</u> Development of Alerts & Email Notification Functionality Development of Maker/Checker Functionality Involved in UI Development and Maintenance using EXTJS (Perform CRUD Operations, Auto Resizing Columns on Grid to fit the column content etc.)

3. **Essentio India Pvt.Ltd. :**

Java Technologies	1. **Archivist**
Struts 2 Spring JDBC	● <u>Name:</u> Archivist ● <u>Description:</u> Archivist is a software used to archive the Old Data from Erp Packages like JD Edwards. Archivist also offers a unified archiving software platform that eliminates large storage setups and leverages a rich set of content services such as classification, process flow, lifecycle management, and retention policies ● <u>Roles:</u> Code Flow Analysis, Development. ● <u>Responsibilities:</u> Creating the Archival Process Designer Document (Archive, Purge, Copy) according to policies Separating the path of Approval Adding Multiple Approvers instead of single approve Manage Archives (Purge, Restore, Selective Restore) Archive Environment Set up

Java Technologies

Spring IOC
Spring AOP
Spring MVC
Spring MyBatis
Spring JMS(ActiveMq)

2. Mobilize Gateway:

- Name: Mobilize Gateway

- Description:

Mobilize Gateway is a middleware which is used for downloading Seibel CRM data onto mobile device.

- Roles:

R&D, Code Flow Analysis, Development.

- Responsibilities:

Consumption of SOAP webservices from Seibel CRM System
Processing of data download via ActiveMq transactions
EhCache Replication via JMS
Exposing the response via REST webservice
Development of BrokerFilter Plugin for filtering out duplicate messages

4. Accelya Kale Solutions Ltd.

Java Technologies

Spring IOC
Spring AOP
Spring JDBC
EJB
JNLP
Web Start
Swing/AWT

1. Revera

- Name:Revera

- Description:

REVERA PRA is the most comprehensive passenger revenue accounting platform in the airline industry. Its high level of automation minimises processing errors and maximises productivity. It helps airlines respond to the demands of their internal customers with speed and accuracy. It has got powerful business intelligence capabilities and real-timerevenue reporting capabilities.

- Responsibilities:

Development of utilities like Memo Portal Utility.(Core Java, JDBC,POI API)

Analysis of Architectures (UMI Wizard and PI (Process Invoker))

Analysis of audit module issues (Sales, Refund.)(Memo Indicator, TSR Period Validations)

Analysis and development of ADM Format Change

(Removal of note from the footer, increased memo capacity to hold 20 documents and dynamic download of environment specific Logo)

Generation of UMI Screens using UMI Wizard utility (Used for Validations)

Changes in Menu as and when required

Integration and Merging REVERA with APEX Module

Involved in VAT Framework

5. Three Sixty Degree Solutions Pvt. Ltd.

Java Technologies
JSF (PrimeFaces)

Spring MVC
Spring Social
Google App Engine
(Cloud Computing)
Objectify API

1. Mochameet

- Name: Mochameet.

- Description:

MochaMeet is a location-based social network to stay in touch with friends "offline". It will pull data from Facebook, Google. It will find which friends are in same city and when they are free they can meet together.

- Responsibilities:

Development of profile settings Functionality
Development of Friends Functionality
Development of Trip functionality
Development of Map functionality

6. Byzan Systems Pvt. Ltd.

Java Portal Technologies

Liferay Portal

Portlets

Themes

Layout Templates

1. MUST FOR MUMS

- Name: Must For Mums

- Description:

Must for Mums portal is help portal especially for mothers with different age group of children and helping moms, by providing information and knowledge which is required at every stage of child development.

- Responsibilities:

Development of Organization-Search Portlet
Development of Names Certificate Portlet
Development of Immunization Portlet
Development of MFM Layout Template
Involved in development of MFM Theme
Development of Login Hook added custom field "UserType" in login-portlet
Liferay Facebook-Integration

Java Technologies

Spring MVC

Spring IOC

Spring JDBC

2. INTUITION (BACK-END)

- Name: Intuition

- Description:

This is iPhone mobiles/iPad App. which works as smart personal assistant that helps manage and simplify your life by quickly capturing your to-dos, tasks, grocery lists, ideas, appointments and wish lists.

- Responsibilities:

Involved in Intuition-Server Management

Involved in tracking the flow of the application

Java Technologies	3. INTUITION (Web-Site)
Spring MVC Spring IOC Spring JDBC	• Name: Intuition-web • Description: This is an information website describing its products (Intuition) • Responsibilities: Involved in solving the issues faced by the website Issues resolved (Page not found, Recurring page includes)

Date of Birth	:	29th November, 1983
Address	:	A2/B-15, Avadhoot Nagar, C.S.Road, Dahisar (East), Mumbai-400068
Marital Status	:	Unmarried.
Languages known	:	English, Hindi & Marathi.
