Objective:

Professional goals include continuing to grow in leadership and knowledge, excel in innovative technology application, interact and share with team members and colleagues and develop world-class solutions to real world challenges.

Technical Proficiency:

- Proficient in **J2EE, Core Java, Java 8, Multithreading, Design Patterns, Spring, MySQL, Oracle 11g,Data Structures & System Design, Shell**.
- Familiar with **C/C++, Adobe Experience Manager 6.4**.
- Thorough knowledge of operating systems and great hands on experience in troubleshooting including Windows, Linux.

Work Experience:

I have gained **7.8 years** of experience in various domains while working as **Senior Software Developer** at:
- **AKQA Media Pvt Ltd**, Sept 2019 - Aug 2020
- **J.P Morgan & Chase Co.** , July 2016 - May 2019
- **BankBazaar.com**, June 2015 - June 2016
- **Mahindra Comviva Technologies Limited**, August 2012 - June 2015

Projects :

- **AKQA Media Pvt Ltd.**
    CMS-Base
    Java8, Spring 5.x, AEM 6.4, Java Content Repository
    - **CMS Base** is a centralized platform for all e-commerce activities for different maisons of **Richemont**(Penarai, Van Cleef & Arpels, IWC etc). It provides basic features which are necessary for an e-commerce website(Checkout, Search etc).

    - **Roles & Responsibility** : Working as a Senior developer in the team my role in team is to provide client with optimal solution for their requirements while implementing principles & rules of AEM.

- **J.P Morgan & Chase Co.**
    Data WareHouse
    - **Java 8, Spring 5.x, Oracle 11g**
    - Data Warehouse is a platform for all the trades that happens in CME, LME and other Clearinghouses. Data warehouse is responsible for normalizing the data from exchanges and generating real time(T+1 & EOD) reports for all the clients about the trades and positions.
    - **Roles & Responsibility** : I have worked on making the project more streamlined by improving design and resolving complex production issues making the product scale

using various technologies, e.g. Java 1.7 & 8, ActiveMQ, TDD, SOLID principles .

- **Bankbazaar.com**
  CSDB(Customer Service Database)
  - **JAVA 8, MySQL, Hibernate, Springboot**
  - Customer Service database handles all the requests that are made on Bankbazaar.com platform, be it service for Bank Loans, Insurance requests etc. CSDB also handles the callback functionality for call center employees.
  - **Roles & Responsibility** : Responsible for writing and testing different features of the application which include RESTful services, Java 8, Core Java.

- **Mahindra Comviva:**
  Integrated Messaging
  o **Core JAVA, Multithreading, MySQL, Spring Core 3.x, Hibernate, Shell scripts**
  o This project was built as one stop solution for all the messaging (SMS/MMS/USSD) requirements from Mobile Operators.

  Messaging Firewall:
  o **PHP, MySQL, Javascript**
  o This project was made to fulfill the demand of discarding the unwanted messages (Spam SMS) and work as a router in Messaging Domain
  o **Roles & Responsibilities** : Integrating contracts between various mobile operators(eg : Airtel, Vodafone, Reliance) to route messages between their networks.

Education:

- **B.E.** in **Information Technology from A.I.T.**, Pune, affiliated to Pune University, with an aggregate of **61.23%.**
- **AISSCE**, 2006-07, **67%** marks, from K.V. Nasirabad, Rajasthan, affiliated to CBSE.
- **AIHSC Examination**,2004-2005, **77.8%** marks, from K.V. Nasirabad, Rajasthan, affiliated to CBSE.

Subjects of Interests:
Design and Analysis of Algorithms, Operating Systems.

Extra- Curricular Activities:
- Represented the college team and won **2nd** place in **PACE (10-11)** in **Volleyball**.
- Won the intracompany Table tennis tournament at Mahindra Comviva & JP Morgan.
- Won folk dance competition in **AKRITI(09-10)**.
- Member in organizing committee of GS- Marathon 2010
