PROJECT DETAIL

Project Name : TextExtractionEngine.

   I am working on TextExtractionEngine project the aim of project is to extract data from big document like(PDF, Excel, etc) so that data can manage easily and accurately and also performing some operation on data like insert, delete, update, fetch data from database etc. We are showing that data in UI using Angular. If you perform some operation on data manually it will take lot of time and less accurate. But by using software it is easy to maintain and less time consuming and also reduce development cost.

Role and Responsibilitys :

   My responsibility is to Develope the Frontend and Backend code and perform some operation on data. In this project I am using backend technology Java, Spring, Spring Boot, Jpa, Hibernate etc, and frontend technology HTML, CSS, Bootstrap, Angular etc.

STRENGTHS

1. Flexibility of work Environment.
2. Self Motivated.
3. Good Communicator.
4. Positive Thinking.
5. Honest.
